

# Distribution Diagram of Steel Makers (Electric Furnace, Blast Furnace and Pellet)

\*The research conducted by Japan Steel Can Recycling Association

**Total in Japan**  
**83**  
Steel Works

- Blast furnace steel works... 15
- Electric furnace steel works... 57
- Pellet works... 6
- Cast iron works, etc... 5
- Manufacturing plant of sheet steel for cans... 6

■ Steel cans are recycled in most of these steel works.  
■ Recycled products are produced in nearest plant in each region to recycle efficiently.

At 6 works (included number of 83 works), steel sheets for cans are produced to make steel cans.
